Ron's Report

Greetings boys and girls. I'm going to start the report on a personal note. All of you are aware that my wife of 57 years is in a care home. The good news is, as of the first of May, we got her transferred to The New Vista Care Centre. This is now 15 minutes' walk from my home. I walk over and we go for a walk a couple of times a week. The New Vista is a society under the auspices of some churches and other volunteer organizations. As opposed to the last place which was a privately owned for-profit facility. There is NO comparison between the two places. This one is new, large, bright, cheery and busy. There are loads of activities to keep the residents active and cheerful. In comparison, this place makes the old place seem like jail. As a result of the change, Jan is now back to being a happy, smiling lady again. She thinks the best part of the move is that she now gets lots of ice cream. One of her favourite foods.

Now the last show. Again it was over a long weekend. We don't have many choices for May with Mother's Day coming a week earlier. However, the attendance was up over last year. The empty tables though were disappointing. There must have been well over a dozen tables that Dave and Dorian got people to spread out to cover. But there were some that didn't get anything on them. It looks bad to visitors to come in after paying admittance and find they are looking at nothing on some tables. We've got to do something about this problem.

This is Dorian's approach to trying to help clear up the "no show" problem. So here is the idea: if you are going to rent a table, phone Dorian before 8:30 p.m. at 604 250-2890 and make arrangements for prepayment. If your table isn't prepaid, your reservation is not guaranteed. Any table not claimed by 8:15 a.m. reverts to the Club. If you're not going to make the show, please call Dorian or Dave at 604 880-4706 and let them know as early as is possible.

More changes. George Clark took a promotion at his work. The new job has taken up much more of his time than he first thought. So much, in fact, that he asked to be relieved of his duties as vice-president and just be a director. We accepted his step-down and have asked Mike Wallace to take on the vice-president's position. Mike thought about it for a while then finally accepted. Thanks, Mike! So welcome to the table, Mike Wallace, our newest vice-president. Mike's project presently, along with Gord Bader, is corresponding with the various firearms

owners representative groups, with a view to having them unite into one national

body similar to the NRA in the US. Mike has also enlisted the aid of the Kamloops Shooting Sports Club and the Kamloops gun show sponsors to aid in accomplishing a unified voice for all firearms owners. We don't know how successful this is going to be but it certainly makes better sense to have one strong voice on our side than several "mouse squeaks" from each corner of the country. There is now too much expensive duplication of nearly everything and very little being accomplished.

Dorian will also start to take reservations for the November 17-18 show to be held in the Operating Engineers Hall, Ledger Avenue. Tables are \$30 each and must be prepaid. Tables are limited so book early to avoid disappointment. Dorian will start at the coming show. If you plan on attending you can make the deal right there and then! If you decide to participate, I don't think you'll be disappointed, I've always found it to be a good show. The big attraction for me is that I don't have to drive some hours to get there as I only live up the hill from the hall. We get a lot of visitors, some even join the Club. George Clark, on the first November 2-day tradefest, had the best show he ever had! I've heard other folks say also, they had a good show. I always enjoy this show. I find sales are good enough to keep my interest and I manage to spend enough so that the weight in my van remains pretty close both coming and going. So once again, tables are limited, some have already been reserved. So think about it then catch Dorian at the next show and book your table. The first two that were booked were booked in March by a Saskatoon dealer.

Dave and I are still trying to get the mailing list up to date. If you know someone not getting their newsletter ask them to call Dave at 604 880-4706.

This newsletter will have a new editor. Cory either lost interest or is too busy to keep the job. George says this new fellow, Chad Calderwood, will be a really good choice as editor. I'm hoping this change in editors will be a big step towards clearing up the mailing headache.

I don't get to look around the show the way I used to. By myself I can't get away from the table for a casual cruise down the aisles. Therefore, I don't get to report on the neat stuff that's being offered for sale. One thing I always notice first thing in the morning is Ron Shuttleworth with 3 or 4 flats of donuts which he passes out among those present. This, incidentally, was one of the show highlights for Jan. She is very fond of donuts and ice cream. On behalf of all the donut lovers – thank you, Ron! I'm going to remind you folks again. The Club has a zero tolerance to the use of alcohol or non-prescription drugs in any of our shows. Anyone breaking this rule will have their Club privileges revoked. **NO TABLES AGAIN, EVER!**

Not everyone has tables at the Kamloops Show, so I thought it might be interesting to quote their rules: “In setting up your display the guidelines of good taste should prevail. In this regard the Show Committee will attempt to allow you as much leeway as possible. Please note that if any display which in the Show Committee’s absolute discretion is (1) contrary to public policy or (2) offensive, inflammatory, or in bad taste or (3) in violation of the rules and spirit of the show, the Show Committee may cancel your license for the display and ask you to remove the display and if you do not comply, remove it for you. If your license is cancelled for failure to comply with any of the show rules your license fee will not be returned.”

There it is, it’s fairly simple and straight forward also easy to understand.

I don’t think there is anything else that needs to be said just now. So until next time, boys and girls. Be good to each other.

Cheers,
Ron
