RON'S REPORT

Hello again boys and girls. If I haven't mentioned this before I'll tell you now. All gun owners, hunters and collectors are not doing themselves a favour if they aren't NFA members! Who do you think will be on our side when anti gun legislation is proposed? It's the NFA and CSSA who are in the trenches to protect us from the anti-gun bureaucrats. Bureaucrats don't really care about a citizen's hobby or for that matter anything more than making an empire for themselves. It's the gun owners' organizations who throw the stumbling blocks out to slow them down with hopes someone will step up with common sense. Another opinion I have is that it would be a great idea if the NFA and CSSA amalgamated. One voice representing more people would seem a much better tool in dealing with bureaucrats. I've ranted again! What I started out to tell everyone was: if you are an NFA member, you will receive the Firearms Journal. Gary Mauser writes a column that appears each issue. I've learned a great deal reading his articles and would recommend everyone would benefit by reading them.

You've all heard by now about the BC gun amnesty. This is another unbrilliant bureaucratic scheme. BCTV has spoken to Jim Bennett on the subject as have CBC TV. CBC in fact went to his house and filmed the interview. I heard Blair Hagen interviewed on CKNW. These bureaucrats are all the same though. Their approach to anything is "don't bother me with facts; I've made up my mind." I can remember some years ago when seized or turned-in firearms went to auction. You don't have to be a rocket scientist to figure out how much more money you can get for a complete anything compared to a few pounds of scrap! It seems we are now trapped in a nanny state. The bureaucrats feel that as our "betters" they know best though it hasn't been proven to anyone's satisfaction. So this is another bureaucratic problem. One of our old time members, Jim Lang, used to say, "If there is a problem, there is also an answer." I don't know the answer. I do think that the only people who believe this male bovine excrement are people like themselves who eat popcorn with a spoon!

I really hate this, but more bad news. One of our original Club members, in fact the first financial secretary, Fred Bardua, passed away quietly at Burnaby General with his wife and daughter at his bedside. Fred had been plagued with a lot of bad luck lately. However, apparently it was cancer that took him away. Fred and I were friends for over 40 years and I'll miss our visits. Fred was Castle Armoury's last gunsmith also the last gunsmith at Harkley and Heywoods before they closed. After that he had his own shop until health issues caused him to give that up about five years ago. Our deepest sympathy to his wife and family.

I've had early reports in on the June 8-9 Lumby gun show. The first is a glowing report. Reason: good sales. The next two were more subdued. Reason: poor sales. Apparently there were more tables than last year and more visitors through the door. Numbers are conflicting as to the count. However, everyone agrees the pig roast was great. Also the mosquitoes were right on time at the club house arriving right at sundown. Maybe with some new blood on the show committee they can get the show back on track. I attended every one except the last two. They never were a money maker but from a social aspect there was no other show that compared. The pig roast originally was put on by the club ladies with Norm barbecuing the pig. We all used to have our circle of friends to dine with at our vans, campers, tents, etc. We used to bring folding tables and chairs and have up to six couples in our party. I think those days are gone forever now!

Well another Father's Day show is past. Every table was covered this month. We had two cancellations. Gord Frost who had a really bad cold – claims it was his granddaughter who gave it to him! What a cop out! Anyhow, he really sounded bad so I hope he will be feeling better soon. Greg Nehring called also, but he had to attend a funeral. Our sympathy Greg. Those tables were both rented again in minutes to members who just couldn't believe their good luck.

I knew the show would be busy and it was. I spoke to a lot of really nice folks coming past my table. One visitor who was attending his first show was able to get some parts for a rifle he thought was toast. He assured me he would be a regular from now on. Jim Cox was in and told us his wife's operation was successful. We are all pleased for them. BC Cancer sent a rep to thank us for our support in the past. He was pleasantly surprised after phoning me and I told him June was donation month. So he brought the oversized cheque showing our donation and then took a picture for their website of Mike Wallace and Al Amundson holding the big cheque. There was more excitement also. We had a member, whose name now escapes me, who passed away a few years ago. His widow is now moving to a smaller home and had to dispose of his shooting supplies and there were lots! Two friends volunteered to bring the stuff to the show and made no secret of the fact that everything must be gone at the end of the show. Yep! You're right if you are thinking "feeding frenzy". There was even more stuff than I thought there was going to be sold. LOADS! Anyhow, about 12:35 p.m. they showed me one very small box of small items that was left. So I bought the boxful so they left with nothing left over. Quite a few daughters had brought their dad to the show for a Father's Day treat. My daughter, Rhonna, came and rented a table. Some of these girls are now pretty young ladies and I've known them since before they started school. It's really a heart warming experience to watch this happening. You can be sure the future will be everything you hope for. The door count was down about 40 from last month's record though it was still a very good crowd of really pleasant people. I saw quite a few guns leaving but again none of mine found new homes. It's okay though, I'm getting used to owning them. One of our table holders stopped to talk to me late in the show with a long face. His sales had been dismal which meant he had no money to spend on all of the items he saw and wanted. Maybe next month will be your month Bruce.

Over time as president I've been asked to make changes to rules, or our custom of doing things. I will not make any unilateral decisions! They must go before the board and be voted on. The main reason I agreed to become president was to get away from sudden rule changes. I believe the club president is a democratic office not a dictator. We all went through that with the last administration, remember? I remember the announcements before the doors opened to visitors. Our present speaking over the PA and reading out the list of new rules he was imposing. I believe that this Club and the members are an intelligent group of folks who deserve to be treated with respect not as internees in an internment camp. So, if anyone has an idea that might make the Club a better club, come and tell me about it and I'll bring it up at the board meeting so it can be discussed and then voted on.

In case anyone may be interested, my fourth great grandchild was born about 9:30 p.m. on June 15. Rhonna had the family dinner at her house after the show for Father's Day. All the family attended including our newest member, Amelia, at 20 hours of age. She was 6 lbs., 8 oz. at birth and was the youngest baby I've ever held.

Back to show business. The next show will be July 14 in the Ledger Avenue hall. The museum club are having a show in their building in Chilliwack on July 21. Call George for details at 604.841.0710.

For our show on the 14th, which is nearly sold out now, call Dave at 604.880.4706 or me at 604.522.3609.

So boys and girls that's about all I know right now. Till next time, be good to each other.

Cheers,
Ron

THANKS FOR YOUR SUPPORT!

The CSSA is the voice of the sport shooter and firearms enthusiast in Canada. Our national membership supports and promotes Canada's firearms heritage, traditional target shooting competition, modern action shooting sports, hunting, and archery. We support and sponsor competitions and youth programs that promote these Canadian heritage activities.
