## RON'S REPORT

Hello boys and girls. I'll start out with some news you will find interesting. Remember in a previous report I told you of an 1849 Colt revolver being stolen in a show? I've just had word it's been found. The gun belonged to Max Moreau of Swift Current. Well, he got a call from a gentleman in Ontario who had seen our newsletter on line. He told Max he had the gun that was stolen and was returning it. He was also in contact with the Lethbridge Police to identify the thief. I didn't think much would come of reporting the theft, but hey! It worked. Too bad the punishment for theft isn't the same as the Mid-East countries, where the sentence is to cut off the right hand. The thief is then reminded that he will feed himself with the same hand he uses for paper work in the bathroom.

Now, some sad news. Club member, Al Olson of Lumby, is in Vernon hospital after a severe stroke. His son called me the other day, however, I know Al is tough and will push to get over his trouble. That's the way us old sailors are wired! So keep working on it, Al. We are all counting on seeing you at your tables in March!

Well the last show of 2015 now fades into history. I always enjoy all the shows but the December show has always seemed to be different. It seems like everyone has started to take on the seasonal holiday spirit. This is the feeling I get. Everyone seems to be happy and glad to be among a lot of other folks who share the same interest. There are many handshakes during this show and certainly a lot of "have a good Christmas" instructions given from one to all. Did I mention I had a good time? I think sales were good enough to keep most vendors from bankruptcy. I took three guns to this show. A new Savage, a new stainless air rifle and a used Daisy. Well, you've all guessed the next line: I sold the used Daisy. However, I did sell enough of my other precious items that I made enough money to gas up my truck before leaving Chilliwack.

I thought when I left home in a heavy rain that it might not be nice unloading. However, Chilliwack fooled us all! The rain lessened, making unloading a lot more pleasant. Then by mid-morning the rain stopped. When we loaded to come home everything was dry and you could see all the mountain tops. This all changed not far down the road though. It was raining in Abbotsford and kept getting heavier as I went west. Oddly enough it quit for ½ an hour while I unloaded. As I've explained to an awful lot of people, if you are born on Friday the thirteenth, you've got to be lucky and I was a Friday the thirteenth arrival!

Well, Mike Wallace was back attending his table and counting our money. He only has one bandage left, it's on his forehead. It will be healed by the next show and he can show off his scar. We're all glad to see you back Mike!

Many of you have heard already that the CMEC Museum had been evicted from the building on the old army base. George Clark was in the show and I was even speaking with him. However, I forgot to ask how they were doing at getting a new venue. Earlier he had told me they had at least two or three options. I'll Keep you all posted on his successes.

I've been reading a book of official NWMP reports from 1888-89. One thing comes up in a lot of the inspectors' reports that the 1886 Winchester carbine they are issued with is just not sturdy enough for the patrols they are doing.

Art was talking to Terry Green of CSSA who told him that Quebec will be reintroducing long gun registration. Here's the eye-opener though: it's funded with Federal money. I think maybe "son of daddy" could turn out to be a bigger burden for us than his predecessors.

As I've already mentioned last month, it's time to renew your Club membership. It's still the same price at \$40 per year. Yearly table holders take note – you too should renew your tables for 2016. Here's how it works. There are 10 one-day shows, individually at \$20 per table that comes to \$200. If you book for a year, it's only \$180 because you get one month free! The advantage is you will always have your table and remembering to book next month isn't going to slip your memory.

Now, I know I've mentioned this before, however, it's important for all firearms owners, that is, honest firearms owners. We are the "whipping boys" the terrorists, crooks and gang bangers are folks that excuses are invented for. Just read a newspaper, listen to a radio station or watch TV. It won't be very long before you see the trend that started in the 1970s. It's certainly difficult to follow the leftists reasoning but they are the ones that are on the opposite side of common sense. What I'm leading up to is this: a common sense move. It's time to join the NFA or CSSA or both. They are on the side of common sense so are the only ones firearms owners can turn to for support. Remember there is STRENGTH in numbers. So here is where to go. Canadian Shooting Sports Assn., 7 Director Court, Unit #106, Vaughn, On. L4L 4S5. NFA, P.O. Box 49090, Edmonton, Ab., T6E 6H4.

The following is the second part of Leo Hansen's article:

*A young woman was about to finish her first year of college. Like so many others her age, she considered herself to be very liberal, and among other liberal ideals, was very much in favor of higher taxes to support more government programs, in other*

words redistribution of wealth.

She was deeply ashamed that her father was a rather staunch conservative, a feeling she openly expressed. Based on the lectures that she had participated in, and the occasional chat with a professor, she felt that her father had for years harbored an evil, selfish desire to keep what he thought should be his.

One day she was challenging her father on his opposition to higher taxes on the rich and the need for more government programs.

The self-professed objectivity proclaimed by her professors had to be the truth and she indicated so to her father.

He responded by asking how she was doing in school.

Taken aback, she answered rather haughtily that she had a 4.0 GPA, and let him know that it was tough to maintain, insisting that she was taking a very difficult course load and was constantly studying, which left her no time to go out and party like other people she knew. She didn't even have time for a boyfriend, and didn't really have many college friends because she spent all her time studying.

Her father listened and then asked, "How is your friend Audrey doing?"

She replied, "Audrey is barely getting by. All she takes are easy classes, she never studies and she barely has a 2.0 GPA. She is so popular on campus; college for her is a blast. She's always invited to all the parties and lots of times she doesn't even show up for classes because she's too hung over."

Her father asked his daughter, "Why don't you go to the Dean's office and ask him to deduct 1.0 off your GPA and give it to your friend who only has a 2.0. That way you will both have a 3.0 GPA and certainly that would be a fair and equal distribution of GPA."

The daughter, visibly shocked by her father's suggestion, angrily fired back, "That's a crazy idea, how would that be fair! I've worked really hard for my grades! I've invested a lot of time, and a lot of hard work! Audrey has done next to nothing toward her degree. She played while I worked my tail off!!!"

The father slowly smiled, winked and said gently, "Welcome to the conservative side of the fence."

If any of you boys and girls suffer from sore knees and/or vertigo, speak to Mike Wallace, who has just developed a cure for those ailments.

Mike Wallace phoned to suggest this. Art and I both agree it's a good idea. In any show if you have business to do at the Club table, do it before 12:30. Jennifer has much to do cashing up, balancing her report, etc. This gives her some time to get a head start and lets her finish before the directors' meeting ends.

So that's about everything for this year boys and girls. I wish you all a Happy New Year and remind you to be good to each other. All the very best in 2016.

Cheers,  
Ron
