

H.A.C.S Newsletter – July 2022

As you all know Ron Tyson passed away some time ago. He had a large accumulation of knives that I am selling for his daughters during the July HACS show at Evergreen Park. I also have the wooden cases that Ron always had on his tables, filled with magazines, sights, other gun parts, knives, and various other small items. I'll have these cases at the coming show to be given away to HACS members who would like one.

I conducted a little poll regarding the newsletter, as to whether we should restore the paper version or stay with the website version only. During the poll, members favored the print version, which is expensive, some were fine with the website version as is, but the majority suggested an emailed version of our newsletter. We'll be trying the emailed version and hope to have it ready for the September newsletter. SEND ME YOUR EMAIL ADDRESS.

Want ads have been missing from the newsletter, so if you'll send me your email address along with your items for sale or wanted, we'll get it started up again. Note: One or two items only for now! I'm new to this.

crescentknifeworks@gmail.com

This newsletter is always in need of letters to the editor and articles of interest to the members.
